

Item # 1020-DP2

Medium Matchbox – 2" Matches

IMPORTANT PRODUCTION NOTE:

This item is printed on a digital printer using a pre-made blank white matchbox. The image size is slightly smaller than the matchbox itself to allow for movement on press. There will be a white border on all 4 sides of your image.

That white border will shift slightly from side to side and top to bottom. This is due to the fact that after assembly each matchbox can have slight variance in finished size. The picture to the right illustrates that potential variance in the white border.
